# 55 SERIES

Single Stack Filter Housing

The **55** Series single cartridge housing has been developed specifically for environments where access to the filter chamber is restricted. This unit accepts Double Open End cartridges, and uses a central bolt with Tee nut for the closure. These housings are ideal for use in areas of limited access and where the spent fluid and element need to be retained within the bowl. They are suitable only for use in the liquids processing industry.

#### **Product Features**

- Through bolt assembly ensures centralisation of the cartridge for a reliable knife edge seal, suitable for cartridges ranging from 9.75" through to 30"
- Lightweight, high specification investment cast head
- Available in 316L stainless steel
- Wide range of connection size and types, cartridge lengths and materials of construction.
- PED Compliant to Sound Engineering Practice
- Full traceability on all parts, material certification packs available
- Rated at FV / 10 bar
- WRAS Approved product

Accessories	Part Number		
Pressure Gauge and Vent Valve Kit	60S000016		
Ball Valve and Nipple	60S000010		
Mounting Bracket	50S010003		

### Features and Benefits

- Ideal for use in areas of limited access
- Investment Cast head (avoids the porosity & inclusion problems associated with lower quality sand castings)
- Integral vent and drain sockets to aid efficient filter changeout complete with PTFE washer
- Every housing is etched with a serial number for full traceability
- Full housing customisation service available
- WRAS Approved product

### Product Range

Amazon Filters design and manufacture an extensive range of liquid filtration systems, providing one of the widest selections of filtration vessels, depth filters and pleated cartridges available today, ensuring excellent process and filter compatibility. As one of Europe's leading manufacturers of filtration systems, Amazon Filters is able to offer a solution to meet all filtration requirements. Amazons' filters are manufactured in clean room conditions and all products come with detailed Product Validation Guides and Technical Support documentation.

### 55 Series Technical Data

### **Maximum Operating Conditions**

Pressure Range: Liquid: FV / 10 bar g

Gas: N/A

Temperature Range: -10°C / 110°C

### **Materials of Construction**

Body and Closure: 316L St.Steel Seal: EPDM

**Finish** 

Vessel: Bead Blast all over

#### Connections

Inlet/Outlet: 1" BSPF

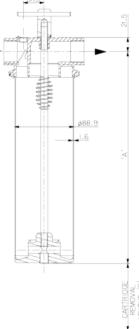

Vent: ¼" BSPF with Plug Drain: ¼" BSPF with Plug
